

# Medieval Homes *activity sheet*

## Activity 1 A Medieval day

Imagine you live in medieval times and write about a day in your life. Remember you would have no heating except the fire and only candles to see by at night. You would have to help fetch water and firewood and maybe even food. Perhaps you have to look after your brothers and sister, or feed the animals. Write about what you see, hear and smell too.

A medieval street scene

## Activity 2 House on Fire!

Draw a picture of a medieval house on fire. You could draw a whole street if you want as fire spread very quickly in medieval times because all the houses were made of wood.
